FISCAL IMPACT STATEMENT

LS 6314

BILL NUMBER: SB 101

NOTE PREPARED: Dec 6, 2002

BILL AMENDED:

SUBJECT: Deputy Coroner Training.

FIRST AUTHOR: Sen. Antich

BILL STATUS: As Introduced

FIRST SPONSOR:

FUNDS AFFECTED: **GENERAL**
 X DEDICATED
 FEDERAL

IMPACT: State

Summary of Legislation: The bill exempts a deputy coroner who serves beginning before January 1, 1996, from training and continuing education requirements. The bill requires that all training and continuing education of coroners and deputy coroners be conducted by a person whose principal place of business is in Indiana. The bill also voids the rule relating to coroner and deputy coroner training and continuing education.

Effective Date: Upon passage.

Explanation of State Expenditures: This proposal would effectively exempt county deputy coroners in continuous service since January 1, 1996, from any mandatory training or continuing education.

The Coroners' Training Board (CTB), according to statute, may provide aid for approved deputy coroner training programs that meet the minimum requirements of the CTB. If a county deputy coroner who meets the above criteria were allowed to forego additional training, funds from the CTB that could have been used for approved training would not be expended. The Coroners' Training Board had total training expenditures for coroners amounting to \$100,000 in FY 2002. The current cost of training is approximately \$750 per deputy coroner. Training usually lasts five days and occurs two times per year. The estimated cost of training includes the following expenditures.

Expenditure	Amount
Hotel for five nights at \$79.00 per night	\$395
Cost of course material	\$500
Per Diem of \$26 X five days	\$130
Travel reimbursement at \$0.345 per mile	Based on total mileage

The CTB has indicated there are currently 508 deputy coroners serving in Indiana. It is not possible to determine the number of deputy coroners continuously serving since January 1, 1996, due to high turnover. Therefore, the potential impact to the state is indeterminable and would depend on the number of qualified deputy coroners that choose to forgo additional training.

According to the provisions of this bill, all training and continuing education must be conducted by a person whose principal place of business is located in Indiana. Currently, the CTB conducts its own training and continuing education in house. The CTB also retains an out-of-state contractor to bring in and proctor its exams.
